July 11, 2019

Dear Partner,

On behalf of YouthBuild North Shore we are reaching out to you in hopes that you may consider future employment of the students in our program.

The YouthBuild program consists of young adults who are working toward earning their high school diplomas, while learning beneficial skills on a worksite as they build affordable housing in their communities, and in the classroom where they train to increase their critical thinking and leadership skills for the work place. Our students demonstrate the skills and motivation a hireling manager would look for. Also the YouthBuild North Shore program has a successful track record of positive employee feedback about the YouthBuild graduates they have hired.

As each of our students are AmeriCorps members, they are required to complete 450 hours of community service within six months. They do this through building homes in the Salem community, and volunteering throughout the north shore. YouthBuild graduates leave YouthBuild North Shore ready for the work force with the proper work ethic and transferable skills that should make them attractive to employers.

Our program has a high success rate of finding employment or post-secondary education for our students after they graduate the program. We would love to invite your company to be a part of our network of employers in hiring these valuable candidates to a great career. If you are interested in employing the students exiting our program, YouthBuild North Shore would provide advertising for your company through promotion of your name on future career-based marketing materials.

Please consider YouthBuild North Shore as you look into a new hiring pool and feel free to ask any further questions you may have about our students and, or our program.

If you have any additional questions please reach out to me at Benjamin@northshorecdc.org or by phone at 786-374-4006.

Best Regards,

Benjamin Zeledon

YouthBuild Job Coordinator
HIRE A YOUTHBUILD APPRENTICE TODAY!

Why should YOU employ a YouthBuild Student?

- Pre-screened trainee with an interest in your business
- No-cost internship with reduced employee training and hiring costs
- "Try before you hire" benefit
- Our students are hard working and have on-the-job training at construction sites

By hiring a YouthBuild North Shore student, have the opportunity to hire a trusted and valued employee.

With a focus on education, construction training, leadership development, and career workshops, our students are trained in all the skills you are looking for in an employee!
